

# Zonta District 12 Conference October 2013

## Web Site Report

## ZontaDistrict12.org

The District 12 web domain is registered and paid through Network Solutions until April 23, 2016 [originally registered on April 23, 2001] and hosted for no charge by Computer Systems Design of Boulder, Colorado.

**2012-2014:** Continue to utilize the web to provide cost-effective, wide-spread and timely information will be a priority for the new biennium. The following goals are possible:

1. Redesign site to mimic ZI's information organization. Work with PR committee to incorporate all necessary elements.
2. Encourage District 12 clubs to accept the redesign scheme and utilize it if maintained by the District or maintain by the individual club in order to give the District a unified brand.
3. Review usefulness of all sections including password protected access options.
4. Move out-dated and/or unnecessary information to Archive/Historical section.
5. Continue to encourage club updates.
6. Continue to convert existing and relevant pages to WordPress format.
7. Re-introduce the What's New page for user navigation ease.
8. Encourage D12 hosted sites to provide up-to-date information, primarily the following:  
Mission, Contact Information, Meeting Information and Projects

### Update:

1. The District Directory was added to the Members-Only section in September 2011 and updated periodically through September 2013.
2. A number of clubs have updated their on-line information and added material to promote club communication and outreach to the community and new members.
3. D12 has used the web site for conference promoting and registration links.
4. The web has been used to work with the D12 board to promote various activities and Zonta mission-related programs within our District, Zonta International and globally.
5. The new website utilizes Google Calendar, Facebook feed and a Blog for timely distribution of information.
