3 interactive video media areas using current social media and terms

This display is as ‘youth appropriate’ as this topic can be; facilitating understanding for our kids and families
Self-paced - walkthrough - about 20 minutes

Volunteers available to de-brief, questions, referrals to local resources for help of further information

This mobile display is endorsed by CO Farm Bureau, regional Rotary.

2019 presentations: NASCAR in Phoenix, CO State Fair, church and community events across the U.S.

“Young people are the most vulnerable to be victimized; yet finding a way to let them know – that they’ll listen to, is nearly impossible. This display does that! It addresses social media use and possible serious consequences in their words, using their media.”

It is ideal for middle through high school and early college; a great communication tool for families to attend together.
