Governor's Message

Dear Zontians,

Happy New Year! My wish for you is a healthy, happy, and prosperous 2003. My wish for Zonta is retention of members, growth in our District and around the world, and understanding of the critical need to improve the status of women everywhere.

Currently District 12 is doing very well. We completed a successful District Conference in Cheyenne, Wyoming. The Zonta Club of Cheyenne did a wonderful job planning and orchestrating the event. I can't thank them enough for their hard work, dedication, and good ideas. Now it is time to look forward to our next district conference in Billings, Montana. I have complete confidence in the Billings Club, and my feeling is that we will only get better. We also can look forward to having our International Representative, Betty Jane Bourdon, at our conference. Make plans now to attend.

Be sure to read this issue of the *Outreach* thoroughly. I will touch on a few things, but to be fully informed you need to catch the details in the ensuing articles.

I am proud to announce the District's newest club, the Zonta Club of Douglas County. Also, we have received authorization from Zonta International to form a new club in Gillette, Wyoming. Along with the growth of the new club, all of our existing clubs seem to be holding their own in membership.

Included in the *Outreach* you will find a registration form for a Trafficking and Trade Conference being put on by Global Partnership for Humanity. Zonta District 12 is proud to be a co-sponsor of this conference, and I encourage your participation. Since Trafficking and Trade is a current service project of Zonta International, I believe that the issue is very timely. This is also a great public relations opportunity for us. There are several Zontians already committed to attending. If you will be able to attend, please let me know; it would be good for us to be together.

Also included in the *Outreach*, you will find information about the area meetings and our ever-famous plaque project. Please try to attend your area meeting. Your area director is currently working very hard on this meeting for all of you. Show your support. You will not be sorry. The time has come to bring the plaque project to a close. In order to do this, the price is reduced.

As always I appreciate and care about each and every one of you. Thank you for doing your part in improving the status of women not only in your own communities but also around the world. I am aware that some clubs are having a problem moving to the goal of contributing one-third of their service dollars to International service projects. This is an integral part of Zonta. Your help is needed. I am sure there are doubts and fears connected to this issue. I believe it would be helpful to identify what is going on and attempt to solve it. I will be visiting all area meetings and would ask you to consider visiting with me about your club's contribution to International service projects.

In closing, remember the lines in the Collect for Club Women:

*Grant that we may realize it is the little
things that create differences;
that in the big things of life we are at one.*

Yours in Zonta,
Mary

**CONGRATULATIONS
Past Governor (1994-1996)
Jacki Sammons
on your election
to a four-year term
on the Zonta International
Foundation Board!**

Zonta International District 12 Mission Statement

Zonta District 12's purpose is to build, develop, and maintain strong clubs through support, leadership, and communication in order to further the mission of Zonta International.

AREA DIRECTOR REPORTS

AREA 1

All clubs in Area 1 are working on the reclassification of their membership which is quite a challenge. The clubs are also sending in their Employee Identification Numbers (EIN's) to International as requested. All clubs in Area 1 have now paid their dues so we will continue to have seven clubs.

Work has begun on chartering a new club in Gillette, Wyoming. Jane Page from the Black Hills Club is leading the charge. Even though this club has taken a leadership roll, the new club is really an Area 1 project. If you know any woman who might be interested in joining Zonta in Gillette, please let Jane know. If you are interested in helping with some of the initial meetings, please volunteer. This is an exciting event for our area and district. Please help wherever you can.

The Area 1 Meeting will be Saturday, April 26, with a social time planned for Friday evening the 25th. It will be located at the Howard Johnson Express in Rapid City. There are no restrictions on the number of people who may stay in a room which is priced at \$49 each. The program on Saturday will include time spent on leadership training and tolerance of diversity. Friday evening will be fun with a scavenger hunt at the Journey Museum followed by a pizza party and prizes. If you haven't been there, you will find that the Journey is a beautiful museum, and the gift shop is wonderful, too. There will be a hospitality room following at HoJo's. The registration fee is \$35, if you send your registration and check before April 1 (late registration will be \$45). Please plan to attend—this event promises to be fun and interesting!

Lariann plans a career in the field of banking and finance. ZONTA CLUB OF DOUGLAS COUNTY IS NEW CLUB IN DISTRICT 12, AREA 3

The organizational meeting of the Douglas County Club was held on Monday, January 6. What a great way to start the year! The SOM club is the Zonta Club of Denver. There were several members of the Denver Club acting as club officers until the election was held. The charter president is Janell Will. Janell is the daughter of Dolores Lowery, who was District 12 Governor 1990–1992. Obviously Zonta dedication runs in the family.

You may recall that this Club was to be called the Zonta Club of Castle Rock. Since there was a great desire to expand the geographic area, the decision was made to go for Douglas County. Watch your e-mail and newsletters for the charter event to be held within the next few weeks.

—Mary Benoit, Governor

Who are the people in your neighborhood? It is estimated that 4 million humans, mostly women and children, become victims of international trafficking each year (an estimated 50,000 of these victims enter the U.S). They are forced to work in the entertainment industry, prostitution, domestic work, carpet, garment, fishing, and brick industries and as warriors and camel jockeys. They are also used for labor in construction, farming and mining, drug trafficking, begging, illegal adoption of children, organ transplants, forced marriages, mail-order brides and other exploitative forms of work.

SERVICE CHAIR HIGHLIGHTS DISTRICT AWARD WINNERS

District 12 presents an annual service award consisting of international flags from countries around the world that have Zonta Clubs. This award is given to the club that has met the following criteria:

- (1) Annual report is turned in by the due date
- (2) High percentage of members are involved in the service project
- (3) Service goals are in line with International service goals
- (4) Community service projects that work to continue improving the status of women within the community
- (5) Projects that promote Zonta in the community
- (6) One third of Club service budget is allocated for International service

As always, Zontians of District 12 have given wholeheartedly to their service projects and have been generous to their communities in the commitment to improving the status of women. Zontians have given with time, given with financial support, and given with their hearts. I am pleased to announce that the Zonta Club of Lakewood-Golden and the Zonta Club of Billings tied for the award this year. **Below and to the top right are brief descriptions of their projects.**

The Zonta Club of Lakewood-Golden contributed 43 percent of its service funds to International projects and the Zonta Club of Billings contributed 33 percent. Congratulations to the members of both of these clubs for their caring and generosity!!

Zonta Club of Billings Festival of Cultures

The Institute of Peace Studies affiliated with Rocky Mountain College sponsors the Festival of Cultures in Billings, Montana, annually in June on Peace Sunday. The Zonta Club of Billings has been a longtime supporter and “hands-on” participant donating over 200 hours of time and up to 50 member volunteers. They partner with the Afro-American and Black History Committee of Billings in coordinating activities in the African tent. Zontians supply volunteers to work the day of the event, helping with rainstick making, bead necklaces, an education/craft table, story telling, and general information. Prior to the event, members make beads for the bead necklaces, create the “rainstick” shell, pre-cut necessary materials, and bake cookies for the information table. They even help “raise” the tent. The African tent has become one of the focal points of the Festival of Cultures and is an event in which the Zonta Club of Billings is proud to participate.

Zonta Club of Lakewood-Golden Bridgeway Home

The Zonta Club of Lakewood-Golden has worked with Bridgeway, an independent, non-profit home located in metro Denver, providing education, housing, and support to homeless, pregnant teens and their babies. The members of the Lakewood-Golden Club have donated over 101 service hours. They are involved in Bridgeway’s annual fundraiser, they put together a “Zonta” gift that is part of the orientation package to the Bridgeway program, and they organize a special dinner with all the trimmings for Christmas.

RECORDING OF SERVICE AND FUNDRAISING HOURS EXPLAINED

Carol Rainey from Zonta International gives us the following explanation on what “service hours” are and can be accounted for toward a club’s service hour report:

- “Service hours” include the time members spend on service projects adopted by the club. The determination is based on the time commitment for the project, rather than the number of participants. For example, if the club has agreed to provide volunteers at a rape crisis center for ten hours a week, it does not matter whether one member spends ten hours or five members spend two hours each.
- Service Committee meetings do **not** count as part of “service hours.”
- “Service hours” do **not** include time members spend on projects that the club has not adopted, even though these may be consistent with Zonta aims. Similarly, “Service hours” do **not** include time spent on fundraising for local, district, or international service projects.
- “Fundraising hours” do include time spent on fundraising activities. These hours are recorded separately.

If you have any additional questions regarding the calculation and recording of service and fundraising hours, please contact Kristy Schmitz, District 12 Service/ZISVAW Chairman.

—*Kristy Schmitz*, Service/ZISVAW Chairman

MORE SERVICE NOTES

- Two projects have been adopted in Afghanistan; more information is forthcoming.
 - The “Footprints of Service” has been discontinued; however, the “Avenue of Service” will continue.

DISTRICT NOMINATING COMMITTEE OFFERS ASSISTANCE

One goal of the District Nominating Committee is to provide support for the Club Nominating Committee as they fulfill one of the most important jobs in the Zonta World—assuring a continual supply of qualified, enthusiastic candidates for leaders at the club, district, and international levels!

What are the signs that **your** Club Nominating Committee is functioning well?

1. There are several members who are qualified and willing to serve for each office and director position.
2. The slate of officers, directors, and nominating committee candidates are in place for the March meeting for presentation. The election is usually in April with installation in May.
3. The club membership has been researched and qualified District candidates have been forwarded to the District Nominating Committee by April 15. Qualified International candidates have been forwarded by March 15.
4. Potential candidates are recruited all year long, not just in March.

What would contribute to the Nominating Committee's success?

1. The Nominating Committee's success is directly related to the overall club's success in the areas of:
 - a. Recruitment—qualified members who are attracted by the club's dedication to improving the status of women.
 - b. Retention—membership terminations do not exceed the expected 10% attrition levels due to members leaving the area, or perhaps finding Zonta is really not fulfilling the promise of working to improve the status of women.
 - c. Leadership—members are involved with an active, efficient committee with opportunities to become committee chairmen, directors, and officers. Service projects support the goal of improving the status of women.
 - d. Training—all members have exposure on a continuing basis to resources from International and District. The club board assures that all members are informed and have manuals, etc.
2. Constant communication is critical between the District Nominating Committee and the Club Nominating Committee.
 - a. What are deadlines for various nominations?
 - b. What are qualifications for office at each level?
 - c. How can the District support this important committee?

LET US KNOW WHAT YOU NEED!

District Nominating Committee:

Betty Edwards, Chairman (betlow@aol.com)
Renee' Coppock (rcoppock@crowleylaw.com)

PLAQUES PLAQUES PLAQUES

THANK YOU TO EVERYONE THAT MADE THE PROJECT A SUCCESS

The Plaque project has been a very good District project. I would like to take this opportunity to thank every one involved in the original planning and implementation of the project. You all worked very hard and did a great job. The project was originally discussed about 7 or 8 years ago. Within a short amount of time, we were able to pay off the original cost. Since then, the District has been able to donate \$1,386.30 to the Susan G. Komen Foundation for Breast Cancer Research. This is quite commendable, and we are not at the conclusion yet. At the last district board meeting, it was decided that the time has come to bring the project to a close. Currently we will not be ordering more plaques, and the price has been reduced to \$5.00.

All of the Area Directors will have plaques at their area meetings. I encourage you to remember your new members and Zontians you are acquainted with around the world.

INTERNATIONAL WOMEN'S DAY (and ZONTA ROSE DAY) IS MARCH 8

International Women's Day (March 8) is a day to honor women, especially working women. Zontians have had added reason to celebrate International Women's Day due to the creation of Zonta Rose Day as a pilot project in 1999 to promote recognition of International Women's Day and to increase the visibility of Zonta.

International Women's Day is said to commemorate a march and demonstration on March 8, 1857, in New York by female garment and textile workers protesting working conditions. It is believed to have first been proclaimed as a holiday in Helsinki at an international conference of women in 1910. What is especially unusual about this most widely observed holiday of recent origin is that although it has its roots in the United States, it has been adopted by many other countries, including the former USSR and the People's Republic of China. It has even been declared to be a national holiday in others, such as Nepal and Afghanistan. The day is marked by exhibits, entertainments, and films in many countries, and women workers are presented with flowers or gifts.

The United Nations began observing International Women's Day in 1975—the International Women's Year. In his message for the Day on March 8, 1995, Secretary-General Boutros Boutros Ghali noted that "there is increasing recognition that the problems faced by women worldwide lie at the heart of the global agenda Efforts to improve the lives of women of the world offer in many cases the most immediate efficacious means of changing entire societies for the better."

Join Zontians around the world in celebrating Zonta Rose Day and International Women's Day on March 8 in honor of all the women who have fought to make life and times better for those who follow. —AMZ

MEMO FROM LT. GOV EVELYN

What an exciting beginning to a new biennium! We started off with a wonderful and informative District Conference in Cheyenne at Little America. A special thank you to the Cheyenne Club for being very wonderful hostesses.

The District has continued on with renewed vigor. Everyone is excited, proud, and happy to welcome a new club to the district—Welcome Zonta Club of Douglas County. Our newest club has 26 members and growing—I am sure the number is already more than 26. Thank you for a job well done by Janell Will and everyone on the organizing committee in Douglas County. In addition, Jane Page is leading the Zonta Club of the Black Hills in the development of a Zonta Club in Gillette, Wyoming. Plans for the new club are progressing, and the addition of another club to our district this biennium looks promising. In addition, Past Governor Betty has completed a wonderful spreadsheet documentary of the membership of the District over a ten-year period. I am planning to provide some visual representation of membership records for each Area to see their record. A special thank you to Betty Edwards for a tremendous job well done.

I look forward to seeing everyone at area meetings this spring.

—Lt. Governor, *Evelyn*

FYI

According to information from Zonta International headquarters, District 12 had 610 members on May 31, 2002, and 617 members on December 31, 2003. **District 12 is one of only 11 districts where membership grew.** Also, recent information advises that Zonta will officially be in 70 countries soon. Macedonia has been approved as a new country, and a club is being formed. —Governor *Mary*
