

EQUIP OUR COMMUNITY

It takes teaching, training, and general awareness measures to help community members understand how to identify at-risk groups, the severe abuse and trauma that occurs, and the overwhelming obstacles that present themselves when a person begins their journey to freedom.

Our Programs:

- Human Trafficking Awareness, Prevention & Response Training
- Annual Awareness Week

STRENGTHEN OUR COMMUNITY

After partnering proactively with existing resources like the North Eastern Colorado Coalition Against Trafficking (NECCAT.org), we can identify service and knowledge gaps, and, if necessary, develop additional community programs that meet the needs of victims and survivors of sex trafficking.

Current Programs:

- Free online support forum for parents
- Agency/program consultations and evaluations

HUMAN TRAFFICKING AWARENESS, PREVENTION, AND RESPONSE CERTIFIED TRAINING

Our professional-level human trafficking awareness and training program teaches participants how to assess needs, make decisions, and provide resources and care to human trafficking victims or individuals at risk. Hand-outs, case studies and discussion time are included in this 90-minute training program. Upon successful completion of the program, trainees receive a certification card. This training course meets the objectives outlined by the Department of Homeland Security.

Conclusion & Certificate of Completion

SCHEDULE A TRAINING TODAY

When you provide training for your agency, you empower your organization to:

- Identify victims of human trafficking
- Recognize trafficking risk factors in the community your agency serves
- Access the necessary tools to take action
- Utilize information to make your clients and work/education space safe

FEEDBACK FROM ATTENDEES

Amazing, eye opening and very informative. You are very strong and your story is very powerful.

Everything was great, I learned a lot and I recommend this training to everyone.

Very, very good seminar! Presentation - very professional and personal.

The #1 request we get is for more time!
Keep this in mind when scheduling a training for your agency.
